

CCES Integrity Hotline

WCHM members are subject to the CADP (Canadian Anti Doping Program) when competing at WCH sanctioned events, provincially and nationally. In addition, WCHM members are also subject to the WCHM Anti Doping Program and the WCHM Anti Doping Policy when competing at the Canadian Masters Weightlifting Championships and international masters championships.

WCHM members who suspect any doping and competition manipulation are encouraged to come forward and send their information to the CCES Integrity Hotline. The CCES will then be in contact with WCH and WCHM.
