

Weightlifting Canada Haltérophilie Masters – Anti-Doping Protocol

2023.08.08

Weightlifting Canada Haltérophilie Masters is guided by its Mission Statement:

WEIGHTLIFTING CANADA HALTÉROPHILIE MASTERS is dedicated to the promotion and development of Masters Olympic Weightlifting in Canada and shall represent the interests of Canadian Master Weightlifters. It will do so in a spirit of equity and fair play, while at the same time encouraging a fit for life philosophy.

An important part of implementing this Mission is to ensure that all members are aware of the dangers of using prohibited substances and to do everything within its power to dissuade its members from participating in all provincially, nationally and internationally sanctioned weightlifting competitions under the influence of any prohibited substances identified by International Weightlifting Federation, the International Masters Weightlifting Association, and the World Anti-Doping Agency (WADA).

Weightlifting Canada Haltérophilie requires its members to:

1. Acknowledge their understanding and support for the WCHM Anti-Doping Policy as part of the Membership Registration process. In addition, members should understand that the CADP (Canadian Anti-Doping Program) is applicable at Provincial Masters Championships and may also be implemented at the Canadian Masters Weightlifting Championships (CMWC).
2. Complete the WCHM Anti-Doping Lessons and the WCHM Anti-Doping Awareness Test. Completion of the CCES Anti-Doping Lessons may be a requirement to participate in the CMWC.
3. Fully understand that the CCES will be actively conducting random testing at all Provincial Masters Weightlifting Championships as well as most qualifying competitions sanctioned by WCHM, particularly Senior competitions.
4. Understand that WCHM may, from time to time, arrange for random out-of-competition drug testing of its members.
5. Report, in confidence, to the WCHM President the name(s) of any member they suspect of using prohibited substances, without medical supervision, in order to advantage themselves in competition.
6. To support the principles of True Sport as outlined in the WCHM/CCES Anti-Doping Lessons.
